

MOHD AAMIR

Software Developer | React Native & React.js
moaamir845@gmail.com • +91 6395682862 • New Delhi, India

PROFESSIONAL SUMMARY

Results-driven Software Developer with **3+ years of experience** specializing in **React Native** and **React.js** development. Expertise in designing responsive UIs, integrating REST APIs, and delivering scalable cross-platform applications across fintech, healthcare, and e-commerce domains.

TECHNICAL SKILLS

Frontend Technologies: React Native, React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Material UI, Tamagui

Real-Time Communication: WebRTC (peer-to-peer audio/video, data channels, signaling), WebSockets.

State Management: Redux Toolkit (RTK), RTK Query, Zustand, Redux, Context API, State Management Architecture

Backend & APIs: REST APIs, RESTful Services, Firebase Authentication, AWS Integration, API Integration

Mobile Development: Cross-platform Development, Android Development, iOS Development, Mobile App Development

Development Tools: Git, GitHub, Firebase, Amazon Web Services (AWS), Linux, macOS, Windows, Version Control

Development Methodologies: Agile Development, Code Review, Performance Optimization, UI/UX Implementation

PROFESSIONAL EXPERIENCE

Software Developer (React Native) | [MetaflowX Pvt. Ltd](#) | June 2025 – May 2026

- Delivered e-commerce mobile apps using React Native and working in blockchain app.
- Implemented Zustand for scalable state management architecture
- Developed reusable UI components; improved performance and code quality via peer reviews.

Software Developer (React Native) | [Apponward Technologies](#) | Jun 2023 – Apr 2025

- Designed and developed UIs for cross-platform mobile apps using React Native
- Integrated REST APIs and Firebase Authentication with real-time data synchronization
- Optimized app performance and implemented responsive design patterns across devices

Frontend Developer | [Mobiloitte Technologies India Pvt. Ltd.](#) | Jul 2022 – Mar 2023

- Built responsive UIs for web and mobile from scratch using React.js and React Native
- Ensured cross-browser compatibility and implemented modern frontend frameworks

KEY PROJECTS

React Native Mobile Applications

- **Orlla** — Blockchain-based mining rewards platform where users earn rewards through Orlla coin mining activities.
- **AnnaLaxmi** — Complete e-commerce ecosystem with live order tracking (Customer / Driver / Store apps)
Play Store: https://play.google.com/store/apps/details?id=com.igannalaxmi&hl=en_IN
- **MotionTss** — School transportation management app with real-time GPS tracking
- **Sheger Dating App (Maintenance)** — Dating application with advanced filtering system for meaningful connections
- **Vicard** — Digital business card management application for professional networking
Play Store: https://play.google.com/store/apps/details?id=com.vicard&hl=en_IN
- **Pouch News (Maintenance)** — News aggregation app providing comprehensive news summaries
- **Diaspowire** — AWS-based service provider platform connecting job seekers with opportunities
- **DRZ** — Hospital and clinic management system with integrated REST API functionality

- **CryptoWater** — Cryptocurrency trading app with real-time market data and trading capabilities

React.js Web Applications

- **Bietnami** — NFT and Music Marketplace platform with digital asset management
- **OwnData** — Professional networking platform with job posting functionality (LinkedIn-style)
- **Calli's Diary** — Social media platform for dog and cat owners

KEY ACHIEVEMENTS

- Successfully delivered **8+ cross-platform applications** across fintech, healthcare, and marketplace domains
- Extensive experience with **REST API integration** and real-time system implementation
- Proven track record in **performance optimization** and scalable application development
- Strong collaboration skills working with **cross-functional teams** and agile methodologies

EDUCATION

B.Tech – Computer Science & Engineering

Mewat Engineering College, Haryana | 2018 – 2022
